

In twenty years of
Volunteer work in
Pastoral Care I have
never found a book
that is for EVERYONE!
I work with at risk +
crisis pregnancies. This
book brings young people up
to speed with good information
on life and how to bounce back.
May you see His face
in all you serve. If
the books are gathering dust
I have many more deserving
people to bring to our BOSS!
May I bless you + yours
Sincerely
Lorena Allen

Dearest Dr. May,
I know you + I
don't know each other
as this card states. Your
book talks to me as if
you are right here in FL!
Our friendship
means the world to me!
I have distributed 10 of
your books. Arizona
called and asked if you
give seminars? I personally
find that you have problems
addressed. Life's problems
in a nutshell. You are
very much in tune
with all of the
interchanges of life.
